# TECHNOLOGY PRESENTATIONS FOR CONFERENCES & TRADESHOWS

HAPPY Software, a leading provider of software and services to more than 500 housing agencies across the nation, offers free technology presentations at housing conferences and tradeshow. Our industry trained staff provide high energy and informative sessions that are sure to be attendee favorites!

Presentations are booked on a first-come, first-served basis. Exhibiting preference will be given to the groups that book presentations.

## Managing Your Waiting List in the Internet Age

Gone are the days of long lines, messy handwriting and endless data input. New technologies make taking thousands of applications a day almost effortless. This session will introduce and discuss different strategies for efficiently opening and managing a waiting list online.

**Duration:** 1 hour – 1 hour 30 minutes      **Cost:** Free

## Protecting Your Data

This class explores the basic concepts for safeguarding data, sprinkled with a few real life cautionary tales. This session includes best practices for backing up data using tapes, NAS, and online backup systems.

**Duration:** 30 minutes – 1 hour      **Cost:** Free

## Managing the Transition to Electronic Case Files

There is tremendous value to an agency that migrates to a document management system provided the implementation is carefully planned and executed. This class covers best practices and considerations required to plan each phase of implementation and make the transition.

**Duration:** 1 hour – 1 hour 30 minutes      **Cost:** Free

## Regulatory Games Shows

Finally, a fun way to learn the regulations. Our takes on “Jeopardy”, “Family Fued”, and “Who Wants To Be A Millionaire” allows attendees to dazzle their peers with their knowledge of HUD policies! This interactive and fun game show-style training will review the last year in HUD regulations.

**Duration:** 1 hour – 1 hour 30 minutes      **Cost:** Free

## Finding Regulatory Data Electronically

With the evolution of the Internet, the best source of regulatory data is online, but finding and organizing this data requires a different set of skills. This class explores how to stay on top of regulations without coming near a piece of paper. Included is how to search for regs, within regs, and how to have HUD news sent to you.

**Duration:** 30 minutes – 1 hour      **Cost:** Free

## Managing Your Program Using Automation

Administration of today’s housing programs requires automated tools to analyze data. Are you ready to ensure critical deadlines are not missed? Utilizations are on target? Learn about innovative automated tools to help manage your program.

**Duration:** 30 minutes – 1 hour      **Cost:** Free
